## *1 on 1 Coaching*

The investment in 1-on-1 coaching varies only by the length of the engagement and deciding if an assessment or a 360 tool would benefit the desired outcome. Generally, a 1-on-1 Coaching engagement would include

- Beginning and end of the engagement conversation with the organizational sponsor to design the program, set participant expectations, and conclude or decide next steps.
- 6-month engagement includes twelve 1-on-1 coaching calls
- Optional assessments or a 360 tool
